RECTIFICATIF TECHNIQUE 1

Technical Corrigendum 1 to parts 1 and 2 of International Standard ISO 15022 was prepared by Technical Committee ISO/TC 68, *Banking, securities and other financial services*, Subcommittee SC 4, *Securities and related financial instruments*.

This International Standard contains data elements related to dates where the *year* is formatted in *less than four digits*. The format of these data elements will be considered, and, if appropriate, amended on the occasion of the next revision. Meanwhile, it is recommended that users consider, within the context of their implementation of this International Standard, any requirements for amendment in relation to the year 2000 and their business environment.
